T/SOR/22/1/4

Dear Friend,

The Scottish Committee of 100 intends to have a march to Rosyth NATO base, on Easter Saturday. We were wondering if your council would care to participate in this project. In view of the fact that the S.T.U.C. has passed a resolution against Polaris, in theory, but it fails to do anything about trade unionists being employed at Rosyth and other places, on work on and connected with Polaris bearing submarines, and ships. This to us seems a very poor show on the part of the S.T.U.C. Why don't they stand firm behind their resolutions?

These are the main details of the march. There will be two marches, the first will start from the Regional Seat of Gover -nment Underground Shelter, in Corstipnine; and the second will start from the Town Centre Dunfermline. Both the marches will converge on Rosyth, and there will be an attempt to enter the base, by people wishing to do so. For those not in favour of civil-disobedience, there will be a picket mounted, opposite the main gate. The march also will be perfectly legal. Therefore, anyone who supports the march, will not be liable.

We ask you to support us on this, and we shall be pleased to send a speaker along to one of your meetings, to explain the project in more detail, and answer any questions. Also we will gladly send you all the literature we have on the Rosyth Project.

Best of luck.

Yours sincerely,

(Zion Silverstein)

Rosyth Project Secretary.
